### DISCLAIMER

No part of this catalogue may be reproduced by any means – graphic, electronic or mechanical without the specific written permission of Delf Architectural Hardware. Finishes in this catalogue are represented as close as printing processes allow. Refer to Delf Architectural Hardware 2007 Price List for information on product guarantees and conditions of sale. Measurements subject to change.

### BRASS CARE

Do not use harsh chemical or abrasive cleaners on door furniture. Regular polishing with a wax polish using a soft cloth will help protect the lacquer. Please note that deterioration of the lacquer will take place over a period of time due to environmental factors such as frequent usage, exposure to weather, abrasive cleaners and perspiration.
